**Course Description**

An advanced seminar covering theories, issues, methods and techniques in supervision of counseling and psychotherapy. Consultation issues and models will also be examined. May be repeated to a maximum of six credits. Prereq: EDP 652, EDP 661, and EDP 665 or equivalent.

**Learning Objectives**

1. To understand the social context in which counselors and counseling psychologists are trained.
2. To develop a scholarly knowledge base related to the theory, research and practice of clinical supervision and consultation from a multicultural perspective.
3. To develop knowledge about individual differences that affect supervisory and therapeutic relationships.
4. To develop knowledge and skills related to the assessment of strengths and weaknesses as a supervisor and as a consultant.
5. To develop knowledge of at least one consultation model.
6. To develop knowledge and skills related to the conceptualization and assessment of counseling processes and outcomes for the purpose of designing and implementing effective theoretically-based interventions.
7. To articulate and apply at least one model of counseling supervision.
8. To hone academic and professional skills related to doctoral level graduate education (e.g., critical thinking, writing, and oral presentation).

**Learning Activities/Assignments**

2. **Required Readings (electronic reserve)**

3. **Reflection Papers:** Each week, write a reflection paper (1000 word maximum) that integrates the readings with your own professional development (as a supervisor and/or counselor). This paper must be submitted via email to rostosky@coe.uky.edu no later than 5 pm on Monday prior to class. Papers will be evaluated on the extent to which they demonstrate knowledge of the reading and application to professional development and effective supervision. (7 reflection papers, 3 points each. No late papers will be accepted under any circumstances).
4. **Discussion leader**: Lead the class discussion of the readings for one class period. Prepare at least 2 questions for discussion/reflection and post them to the discussion list at least 48 hours prior to the class period. (5 points)

5. **Supervision Practice**: Provide one-hour face-to-face supervision each week (excluding spring break) to two masters students. Submit one copy (per supervisee) of your supervision notes/summary/evaluation to Dr. Rostosky at the beginning of each class meeting. **Use the format provided.** (minimum 10 face-to-face, 50 minute sessions) 2 points each for 40 points total.

6. **Supervisory Critiques**: Conduct a supervisory critique (one per supervisee) that focuses on supervisory process. **The supervision sessions must be recorded on DVD or videotape.** Include midterm and final evaluations of your supervisee’s work using an instrument that is reflective of your model of supervision (or you can develop one yourself). The evaluation instrument must be appropriate for your evaluation of your supervisee’s work with the client, so review instruments carefully. Use the outline below to construct your paper. Each student will present each of the two session critiques to the class for discussion. (Written paper: 25 points; presentation 10 points)

   **Outline for Critique Paper**
   I. Overview of the model of supervision you used in your sessions (3 pages)
   
   *For each supervisee:*
   II. Goals established with supervisee (1/2 page)
   III. Summary of progress toward goals (1 page)
   IV. Critique of videotaped session to illustrate strengths/weaknesses observed in supervisory session. Recommendations for supervisee growth and development. Self-assessment and reflection about what you would do differently, continued areas of professional growth as a supervisor, etc. (8 pages)

**Academic/Professional Policies**

**Grading**: Grades will be assigned based on the quality of your work and contribution to the professional learning community as ultimately determined by the instructor.

- A = 90-100 points
- B = 80-89 points

**Mandatory Attendance**: You are expected to attend every scheduled class meeting. This is a professional graduate seminar and supervision practicum, not a lecture course, and the quality of your contribution to the learning community will be evaluated by the instructor. More than **one** absence (excused or unexcused) will negatively affect the final grade for the course. Repeated tardiness will also negatively affect the final grade.

**The ethical guidelines** of the profession will be discussed in the context of supervisor/supervisee/client interactions throughout this course. You are expected to know the APA code of ethics as it relates to psychotherapy and therapeutic relationships. **Maintaining confidentiality** is the primary ethical principle of a psychologist. If a student fails to maintain
the confidentiality of supervisees, clients and classmates, the student will be given an automatic failing grade in the course. In addition, the breach of confidentiality will be referred by the instructor to the Counseling Psychology Area Faculty for possible disciplinary action, including probable dismissal from the program.

**Disability:** If you are a student with special learning needs, you must obtain appropriate certification through the Disability Resource Center (257-2754) or [http://www.uky.edu/StudentAffairs/DisabilityResourceCenter/](http://www.uky.edu/StudentAffairs/DisabilityResourceCenter/) before any considerations will be made in class. If you anticipate needing special assistance or accommodations due to a disability, please notify me prior to the second week of class in order to have these needs accommodated.

**Statement of Diversity.** Our program has a strong commitment to diversity awareness, culturally appropriate counseling interventions, and respect for all diverse social locations. Students are asked to demonstrate a personal commitment to being knowledgeable about cultural diversity and to being aware of how experiences (their own and clients’) of privilege and oppression impact interpersonal processes and the development of problems in living. Students are encouraged to challenge themselves to grow and change in ways that make themselves more culturally-competent counselors and supervisors.

**Academic Integrity, Cheating and Plagiarism:** The University’s policies regarding cheating and plagiarism are found at [http://www.uky.edu/StudentAffairs/Code/part2.html](http://www.uky.edu/StudentAffairs/Code/part2.html) and should be familiar to all students in this course. To better understand the University’s policy on plagiarism, please become familiar with [http://www.uky.edu/Ombud/Plagiarism.pdf](http://www.uky.edu/Ombud/Plagiarism.pdf), a document explaining and giving examples not only of plagiarism, but how to avoid it. Procedures for faculty reporting and consequences for students are also detailed.
