To meet this requirement, the College of Nursing uses web-based surveys on a confidential site for faculty and course evaluation. All students enrolled in this course are required to access the CoursEval website to fill out evaluations or to decline the opportunity within the designated time frame. Students who don’t visit each survey available to them within the designated time will receive an incomplete in the course that will remain until the surveys are accessed. Students should take this opportunity to provide serious input regarding faculty performance and course evaluation. These evaluations are used by the College of Nursing to improve the curriculum and enhance faculty teaching."
