MEMORANDUM

DATE: October 23, 2009

TO: University Senate

FROM: Thomas W. Lester, Dean
College of Engineering

SUBJECT: Deletion of Master of Engineering Program

The attached paperwork to suspend/delete the Master of Engineering Program was submitted to the Graduate Council March 2, 2005; however, it was stopped at our request before approval by the Graduate Council to permit careful re-evaluation of market demand and economic viability. The College of Engineering now would like to proceed with the deletion of the Master of Engineering Program at this time.

Enclosure

**Reason for suspension/deletion**

Program has been under-enrolled since its inception. There were never any courses connected with the program; all were parts of others (e.g., MSME, MFS, MSEE).

What provisions are being made for students already in the program?

N/A; there are no students currently enrolled nor are any applicants being accepted.

Will another degree program replace the one suspended or deleted?
If yes, please describe the new program.  

☐ Yes  ☑ No

Will courses connected with the program also be deleted?
If yes, forms for dropping a course or courses should be attached.

☐ Yes  ☑ No

Date at which suspension/deletion will take effect.  

Upon approval by appropriate bodies.

---

Department Chair

College Dean

Undergraduate Council

Graduate Council

Academic Council for Medical Center

Senate Council

Rev 11/98

Program was administered by
College of Engineering, Extended Campus Programs
The proposal to suspend the Master of Engineering Program was circulated to
the Graduate Engineering Team on February 11, 2005 and to the College of
Engineering faculty on February 21, 2005. No written objections were
received, the proposal was thus approved by the College of Engineering faculty
and forwarded to the Graduate Council on March 2, 2005 for approval. A copy
of the e-mail used to route the proposal to the College of Engineering faculty
for approval is attached.

If you need additional information, please contact me or Rosie Hicks, Director
of Student Records.

Subject
Suspension of Master of Engineering Program

Hello,

The Graduate Council has received your proposal to suspend the Master
of Engineering Program. Before we consider the proposal further, we
need to see that the relevant faculty have approved it. If any
particular departments are involved, their faculty need to vote on
it. A College of Engineering faculty body also needs to approve the
proposal.

Please send me evidence of the relevant votes so that we may proceed.
You can use the routing form at
http://www.uky.edu/USC/Forms/Blank%20routin%20sheet.pdf , if you
like.
The following changes are being circulated for your consideration.

Request for Change in Undergraduate Program:
BS in Electrical Engineering
BS in Mechanical Engineering

Application for Change in Existing Course:
CS 115, CS 215, CS 221
ME 101, ME 310, ME 412

Application for New Course:
CS 672 Landfill Design
CS 316 Web Programming
CS 485 Topics in Computer Science (subtitle required)
CS 617 Requirements Engineering
CS 618 Software Design
CS 619 Software Testing and Quality Evaluation
ME 411 ME Capstone Design I

Suspension/Deletion of Program:
Master of Engineering

College rules require that faculty are allowed 10 days to review the additions/changes and respond with written objections. Because we are facing a deadline to get these additions/changes published in the 2005-06 Bulletin, we are asking for a waiver of this rule. For this circulation we are asking that you review the additions/changes and respond within 5 days. If written objections are not received before March 1, 2005 these changes will be considered approved and forwarded to the next appropriate body for approval.

Applications for these additions/changes may be viewed at:
http://www.engr.uky.edu/proposed_changes/pending/

Thanks.
