Assistant Professor, Athletic Training
School of Recreation and Sport Sciences
College of Health and Human Services

Ohio University is a doctoral/research intensive state university with 20,000 students on its picturesque Athens campus and another 8,500 students on five regional campuses. The School of Recreation and Sport Sciences (www.ohiou.edu/rsps/index.htm) is one of six schools in the College of Health and Human Services. The entire college, including the School of Recreation and Sport Sciences, is housed in the Grover Center. The building also is home to an employee wellness center, numerous “smart” classrooms, a multidisciplinary clinic, and a café. The school includes 33 full-time faculty and approximately 1,300 undergraduate and graduate students. It offers a total of five undergraduate and six graduate programs. The Division of Athletic Training Education is one of the academic divisions in the School. Currently, it has approximately 100 undergraduate and 20 graduate students. The Division has four full-time faculty members.

Position Description: This is a nine-month tenure track position. The successful candidate will demonstrate a sustainable line of research that has the potential to receive external funding in an interdisciplinary Academic Health Center. The candidate will also be responsible for teaching in a CAATE-accredited entry-level and NATA-accredited post-professional athletic training programs and mentoring graduate athletic training students’ research projects. Additional responsibilities include advising athletic training students and service on school, college, and university committees.

Qualifications:

- Earned doctorate in Athletic Training or rehabilitation-science related areas.
- Demonstrated potential for a successful research line and successful procurement of extramural funding along one of the Division’s Points of Distinctiveness.
- Demonstrated potential for successful college/university teaching
- Commitment to quality undergraduate and graduate education
- Commitment to active learning and use of technology in the learning process
- Commitment in working effectively with students, faculty and staff from diverse backgrounds
- Must be BOC Certified and eligible for Licensure in the State of Ohio; licensure is required prior to employment
- A minimum of three years of clinical experience as an athletic trainer

Starting Date: September 2010

Salary and Benefits: Salary is commensurate with education and experience. It is an academic year appointment with potential for additional summer teaching, plus university benefits including tuition for self and family, a comprehensive insurance package (prescription plan, vision benefits, dental plan, life insurance), relocation assistance, and an excellent retirement plan. Start-up support is available for research activity.

Applications and Inquiries: Please complete the online faculty application at https://www.ohiouniversityjobs.com/applicants/Central?quickFind=55786. The position remains open until filled. For best consideration, apply by November 1, 2009. Questions concerning the position or application process should be directed to Dr. Chad Starkey, telephone: (740) 593-1217 or e-mail: starkeyc@ohio.edu.

Women, persons with disabilities, and ethnic minorities are especially encouraged to apply.
